ANNEXURE
DETAILS OF WORK TO BE DONE

1) A regular service and maintenance check should be conducted once in a month, by qualified personnel, without fail. In case where there is a sudden break down or any such emergency, qualified repair personnel should be deputed immediately, on all working days. If required, they will have to stay back after office hours to attend to any emergency work, for which no allowance of any kind will be paid.

2) The Maintenance contract shall cover labour charges alone. All consumables and parts that are to be replaced shall be billed separately and shall be paid for by this Academy.

3) Payment will be made after every quarter (3 months) of regular services provided.

4) Other than the regular service, if repairs or replacement of parts are done, the payment will be on credit basis. A credit period of 10 to 20 days is required to make the payments.

5) During the period of the AMC, if the service provider opines that there is a necessity to replace / change any major part of the DG Set, NACIN retains the discretion to refer the matter to a suitable Chartered Engineer or other service providers in the field to get a third party opinion. The charges payable to the Engineer or other cost involved in this enquiry will be borne by NACIN.

6) Qualified personnel should maintain Log Registers of all calls attended / Pending issues / Periodical preventive checks conducted and details of all replacement of spares-parts/consumables. Every visit of the Service personnel should be recorded and connected service reports should be produced to the concerned officer for acknowledgment. Invoices / bills should be submitted along with connected service reports.

7) No component(s)/Spare(s)/other equipment shall be removed without informing the Superintendent/Inspector concerned. A written letter to the Superintendent and his consent is necessary for moving any part out of the office, for which the service personnel shall maintain a separate log book showing the movement of the component(s) /Spare(s)/ other equipment and particulars regarding the replacements thereof.

8) If there is a major fault in the equipment which requires transporting the set out of the Academy’s premises to the service provider’s premises, all expenses in respect of moving the equipment shall be borne by this Academy.

9) During the course of providing the above services, care should be taken by the contractor to ensure that there is no damage to property belonging to NACIN. In case of such damage, the cost of the articles/equipment damaged shall be deducted from the Contractor’s service charges.
