(P. VENKATASUBRAMANIAN)
ASSISTANT DIRECTOR
ANNEXURE
DETAILS OF WORK TO BE DONE

1. As and when informed over telephone, the contractor should provide maintenance service preferably within an hour on all working days to keep the machines/equipment in good working order. The service consists of periodical preventive checks and corrective maintenance work and includes carrying out necessary repairs and fittings or replacement of parts/spares/consumables.

2. In response to the telephone call from NACIN, qualified service engineer should be deputed immediately i.e. within one hour from the call, on all working days, exclusively for NACIN. If required, they will be required to stay back after office hours and work even on holidays to attend to any emergency work, for which no allowance of any kind will be paid.

3. If the faulty components/computer(s) are not rectified within the same working day, necessary equivalent standby components/computer(s) shall be provided by the contractor on the following day, for the smooth functioning of office work and the original component/computer(s) taken shall be returned within a week's time after rectification. In case a standby is not provided, penalty of 1% of the total AMC charges will be deducted per day from the agreed payment. If standby systems are provided, the restoration and transfer of data from the defective systems to the standby systems and vice-versa have to be ensured.

   Alternatively, the Academy reserves the right to get it repaired from a third party and the charges for the repair/rectification, as applicable, will be deducted from the AMC account.

4. The Maintenance contract of computer and printers shall cover comprehensive contract for all parts of the machine including Key Board, Mouse, all plastic/rubber parts like knob sprocket, harmer block etc., fuser assembly and rubber components of laser jet printer, but will not include cost of the following spares namely: Picture tube of the Monitor, Hard disk, Printer head, Toner and Cartridges. The Maintenance contract for Network points will cover only the service & maintenance charges and will not cover replacement of parts.

5. Maintenance shall include installation of all kinds of software provided by this Department, including Operating System, Virus scans, System Drivers and Drivers of Printers, Scanners & other peripherals. Maintenance shall also include ensuring effective functioning of all the Local Area Network (LAN) points, Hubs, Switches etc.

6. Qualified Service Engineers should maintain Log Registers of all calls attended/Pending issues/Periodical preventive checks conducted and details of all replacement of spares/parts/consumables. Every visit of the Service personnel should be recorded and connected service reports should be produced to the concerned officer for acknowledgment. Invoices/bills should be submitted along with connected service reports.

7. No component(s)/Spare(s)/Computer(s)/other equipment shall be removed without informing the Superintendent concerned. A written letter to the Superintendent and his consent is necessary for moving any Computers/parts out of the
office, for which the Engineers shall maintain a separate log book showing the movement of the component(s) /Spare(s)/ Computer(s) / Other equipment and particulars regarding the replacements thereof.

8. All costs and expenses in respect of moving the equipment, or any part thereof, to the service provider's premises & back to office, including cost, charges and expenses for dismantling, reinstallation, testing and commissioning, shall be borne by the contractor only. NACIN will not bear any cost of transportation/replacement of machines/parts.

9. During provision of the above services, care should be taken by the contractor to ensure that there is no damage to property belonging to NACIN. In case of such damage, the cost of the articles/equipment damaged shall be deducted from the Contractor’s service charges.
